MEDICALLY CHALLENGING GUIDELINES

Don't miss the opportunity to interact with fellow colleagues and the challenging cases they have managed in their hospital or practice. This area provides physicians with a forum to share experiences; teach others how they handled a difficult situation and receive feedback regarding how others might have proceeded under the same circumstances. All learning tracks will be represented so there is a case for every medical specialty. Make sure to visit this area to help fulfill your CME requirement.

Submission link: Click here (http://www.abstractsonline.com/submit/login.asp?mkey=%7B6423FAC7%2DAEC2%2D4629%2D97E9%2D148EF95E3184%7D)

NEW for 2013:

The submission will not be considered final and will not be reviewed until all disclosure information has been submitted. May 31, 2013 is the deadline for all speaker and disclosure information.

All cases will be presented electronically in 2013. As such, there will be no hard copy posters required. If the case is accepted, there will be a $65 administrative fee to create/upload the case.

The presenter and/or submitter will certify they were involved in the care of the patient and the preparation and submission of the case report.

Submitters and/or presenters MUST be ASA members. If the submitter is not the presenting author, please do not enter your name, but the name and e-mail address of the presenter.

TITLE:

- All case titles must be in English.
- Type your title directly in the space provided, or copy and paste it from a word-processing program.
- Type your title in upper and lower case letters. **Do not type in all upper case letters.**
- To use a special character(s) in your title, compose the title off line and then copy and paste the title in the space below.

LEARNING TRACK:

Please choose a subspecialty track that is relevant to your case:

Ambulatory Anesthesia, Cardiac Anesthesia, Critical Care Medicine, Fundamentals of Anesthesiology, Neuro anesthesia, Obstetric Anesthesia, Pain Medicine, Pediatric Anesthesia, Professional Issues, Regional Anesthesia and Acute Pain

AFFIRMATIONS:

QUESTIONNAIRE:

Case will consist of posters, photographs, drawings, charts

LEARNING OBJECTIVES:

At least three learning objectives are mandatory:

HOW TO WRITE A LEARNING OBJECTIVE:

For the purpose of ASA CME programs, provide three to five learning objectives that:

- Are congruent with known gaps in knowledge or competency
- List each objective in learner-oriented, not faculty-oriented, terms
- List each objective in measurable terms with only one action or outcome
- Complete each learning objective using the statement: "Upon completion of this learning activity, participants should be able to...."

CASE DESCRIPTION:

The size limit for the case includes the Case Description only. The Case Description should be 100 Words or less.

HOW TO ENTER YOUR CASE DESCRIPTION:

Information may be uploaded using the "Upload a File Containing Your Case Description" button below, entered directly or copied and pasted from a prepared document using the "Enter Case Description" button below.

Do not include title or contact information in this text.

Any symbols will be retained in uploaded or pasted text.

At the end of your submission process, you will be asked to submit your disclosure information before the submission is considered final.
