YOU'RE PART OF A THRIVING COMMUNITY OF MORE THAN 54,000 CLINICIANS. MAKE THE MOST OF YOUR MEMBERSHIP.

Familiarize yourself with everything ASA has to offer and customize your experience in three steps:

1. **Tailor your details and preferences.** Visit asahq.org/myaccount to update your information under Account Profile and Communication Preferences. That way, you won't miss out on the messages you want most.

2. **Support local and national advocacy.** Join the ASA Grassroots Network at asahq.org/grassroots to lend your voice to legislation and regulations that affect you.

3. **Contribute to ASAPAC.** Your donation at asahq.org/asapac helps support physician-friendly policies and legislation.

“Welcome to the American Society of Anesthesiologists, where you can find education for life-long learning, practice management information, and a place to share scientific discoveries. But most of all, you will find a professional family that is here for you.

We are here to advocate for you and for our wonderful profession. I hope you will take advantage of all of the opportunities that the ASA offers and I look forward to hearing from you.

Welcome to the ASA family!”

—Mary Dale Peterson, M.D., M.H.A., FACHE, FASA, ASA President

ENGAGEMENT OPPORTUNITIES

GET INVOLVED AT A DEEPER LEVEL

As an ASA member, there are many ways to make an even greater contribution to the advancement of the specialty. Here are our top five:

1. Become a Fellow of the American Society of Anesthesiologists®
2. Participate in a committee and component society based on your local area or specific interests and strengths
3. Take advantage of ASA leadership development offerings
4. Guide legislation by contributing to ASAPAC, joining the ASA Grassroots Network or writing to legislators via ASA Team 535
5. Attend an ASA event

Committees and Editorial Boards
More than 90 committees and editorial boards contribute to member resources and write updated standards, guidelines and statements on virtually every topic. Nurture your network and develop your CV while you make a difference.

ASA Component Societies
There are component societies for each U.S. state, the District of Columbia and Puerto Rico, as well as academic, uniformed services, and resident and medical student components. For most members, joining ASA includes membership in the appropriate component society.

These organizations strengthen and support the ASA mission by providing continuing education, leadership and advocacy support at a more granular level. Contact your component society to participate in advocacy and patient health initiatives.

For more information on engagement opportunities, please visit asahq.org/about-asa
ADVOCACY

Your best interests are at the forefront of advocacy efforts. Whether protecting physician-led, team-based care, rallying against threats to fair payment, or leading the discussion about the opioid epidemic, ASA is your champion.

ASAPAC
The largest physician political action committee and one of the most active PACs in the country, ASAPAC helps elect lawmakers who understand anesthesiology issues.

PERFORMANCE AND QUALITY INITIATIVES

NATIONAL ANESTHESIA CLINICAL OUTCOMES REGISTRY® (NACOR®)
With millions of cases and growing, NACOR clinical data helps inform treatment choices and control costs. Multiple service levels allow you to select the right features for your practice, from basic reporting to visibility into how you perform against national benchmarks.

[asahq.org/nacor]

PERIOPERATIVE SURGICAL HOME (PSH) PORTFOLIO
In order to improve outcomes and reduce costs, this innovative model of coordinated care guides the patient from the time surgery is scheduled until 30 days after discharge. The ASA PSH portfolio includes a comprehensive suite of services, resources and tools to support team-based care.

[asahq.org/psh]

ANESTHESIA INCIDENT REPORTING SYSTEM (AIRS)
Keep patient safety a top priority and learn from the experience of your colleagues by reporting adverse events related to anesthesia or pain management.

[aqairs.org]

“We needed a mechanism for benchmarking data, and NACOR helps us compare ourselves to other anesthesia practices, so we can see how we are performing.”
