

Welcome

Mahesh Vaidyanathan MD, MBA | 6/25/2019

American Society of
Anesthesiologists[™]

**FRESENIUS
KABI**

caring for life

asahq.org

Presenters:

- Northwestern University HealthCare
- Physician Revenue Integrity Liaison
- Meeting Host and Coordinator
- Experienced in small and large acquisition processes at very small and very large institutions

Shawn E. Tritt MD

- Emory Johns Creek (4 additional hospitals/ambulatory centers in the area)
- Chief Medical Officer
- Serves on the Med Exec. Committee and Hospital Board
- Experienced in the processes utilized by the Anesthesiology department at medium sized institutions to gain traction and acceptance of acquisition goals

Grant Lynde MD, MBA

- Emory University
- Vice Chair of Quality for the Department of Anesthesiology
- Worked in various private practice settings in Washington State and Florida
- Experienced in medium to large institutional use of quality data and informatics to define acquisition needs and strategies

Jean Marie Carabuena, MD

- Brigham and Women's Hospital
- Director of High-Risk Obstetric Anesthesia
- Past: Director of Quality Assurance at New England Medical Center
- Experienced in quality and safety measures in large hospitals and special requirements of High Risk Women's Health needs

Sessions and Goals

- 12:00 – 12:45 p.m. A Day in the Life of an Anesthesiologist: Dr. Tritt
 - What occurs daily that might not be evident: research, planning, patient meetings, reacting to emergencies, and other dealings as the day goes on.
- 12:45 – 1:30 p.m. The Hospital Supply Chain: Clinical Integration: Dr. Lynde
 - This session answers the question, “How should the clinical integration of supply chain processes change your conversations with physicians?”
- 1:30 – 2:15 p.m. Who is in the Operating Room and How the Team Interacts?: Dr. Carabuena
 - Workflow and workspace; what the anesthesiologist/anesthesia delivery care team and surgical team are doing, what makes it complex, art vs. science, hard vs. easy.

Sessions and Goals

- 2:30 – 5:15 p.m. Understanding the Various Ecosystems to have Relevant and Meaningful Conversations: ALL
 - This session includes a panel of representatives from different hospital settings. We will provide perspective on all aspects of workflow within different systems, the decision tree for the system, and the touchpoints for meaningful connections and conversations. This session will include case work activities to outline and roleplay the most effective and relevant interactions within the various institution types.
- 5:15-5:30 p.m.: Dr. Vaidyanathan
 - Recap of Day's Training and Learning Outcomes
