

Anesthesia Toolbox

Topics Needed

CARDIAC

1. Swan insertion/ right heart cath and trouble shooting (Online Module)
2. TVP/epicardial pacemaker interpretation and management (Online Module)
3. ERAS: methadone, ketamine, blocks, intraop extubation, rapid recovery and STS metrics (Podcast)

CRITICAL CARE

1. Trauma-care in the first 24 hours (PBLD)

GENERAL

1. Volatile agent overview (Online Module)
2. ACC/AHA guidelines for preoperative evaluation (Online Module)
3. Perioperative management of patients with DNR/DNI (Podcast)

NEURO

1. Measuring Cerebral Blood Flow (Podcast)
2. Advanced NIOM for Skull Base and Posterior Fossa Surgery (Neuro Mini PBLD)
3. Perioperative Sodium Disturbances in Neurosurgical Patients (Neuro PBLD)

OB

1. Management of the parturient with opioid-use disorder (Podcast)
2. Peripartum cardiomyopathy (PBLD)
3. Complications of neuraxial techniques in labor and delivery (Podcast)

OOR PACU

1. PACU - Assessment of Cardiovascular Status in the PACU with Ultrasound (Online Module)
2. OOR - MRI Anesthetic Implications/Management (Online Module)
3. OOR - Office Based Anesthesia (Podcast)
4. OOR - ECT (Mini PBLD)

PM, QI, PUBLIC HEALTH

1. Contract Negotiations (malpractice coverage, restrictive covenant etc.) (Podcast)
2. More detailed performance-based payments / Quality Payment Programs (MIPS) (Podcast)
3. Pros and cons of fellowships after residency, types of fellowships, career pathways (Lecture)

REGIONAL / CHRONIC PAIN

1. Newer Upper Extremity blocks: anterior suprascap, retroclavicular, costoclavicular, superior trunk block, etc. (Online Module)
2. Outcomes for regional anesthesia - e.g., spinal vs general, epidural outcomes, PNB outcomes (Podcast)

TRAUMA

1. Initial Burn Management (PBLD)
2. Burn Critical Care (Online Module)
3. I & D and Grafting for Burns(Online Module)
