

WHERE OTHERS SEE COMPLEXITY,
WE SEE HOPE FOR PATIENTS AND FAMILIES

At Mallinckrodt, our focus is to improve the lives of patients worldwide. Making a difference is what drives us every day as we work to develop innovative therapies and cutting-edge technologies for patients with severe and critical conditions. We see challenges as opportunities to change lives. It's our passion. It's Mallinckrodt. Learn more at Mallinckrodt.com.

ANESTHESIOLOGY[®] 2019

OCTOBER 19-23 | ORANGE COUNTY CONVENTION CENTER | ORLANDO, FL

Here's what's
in store!

Each October, more than 14,000 global anesthesia professionals gather to discover the latest advances in the specialty, grow professional networks and learn about innovative technology. This year is no different—it's shaping up to be one of the best ever.

We hope you'll join us at this year's ANESTHESIOLOGY® annual meeting. Our teams have been working hard for you, and have lined up hundreds of speakers and presenters whose expertise and passion make the annual meeting an amazing event each year.

See you there,

Linda J. Mason, M.D., FASA
2019 ASA President

Joy L. Hawkins, M.D., FASA
Chair, Committee on Annual
Meeting Oversight

What's Waiting For You at ANESTHESIOLOGY® 2019

Gain Insights from World-renowned Speakers

Get ready to hear from some of the best in the specialty:

- Keynote speaker Abraham Verghese, M.D., MACP, will deliver an exciting lecture about the future of health care, drawing upon his experiences as a physician, humanitarian, author, teacher and lecturer.
- U.S. Surgeon General and anesthesiologist Jerome M. Adams, M.D., M.P.H., has been invited to speak at the Emery A. Rovenstine Memorial Lecture.
- Jeanine Wiener-Kronish, M.D., will share insights as a renowned researcher at the John W. Severinghaus Lecture on Translational Science.

For the first time, these presentations and the Journal Symposium will feature live translation into Spanish, Portuguese and Mandarin. We're excited about this pilot and hope to keep expanding on it.

Attend the Special Session, *ASA Pain: Anesthesiologists' Tailored Approach to Patient Safety Considerations when Using Opioid Analgesics*

Saturday afternoon, expert faculty will address developing expectations around FDA Risk Evaluation and Mitigation Strategies (REMS) in a groundbreaking, three-hour session. As the FDA considers future requirements related to REMS, this session will offer timely, essential information for anyone on the front lines of pain management.

Discover Technical, Scientific and Educational Innovations

See what's next on the horizon and interact with representatives from hundreds of companies in the exhibit hall. Saturday's Grand Opening Reception and the Last Day Lunch on Monday are also excellent opportunities to connect with colleagues and exhibitors.

Grow through Education, Research and Hands-on Learning

This year, educational sessions will take place over four days, instead of five. However, you can still expect the same number of credits and networking opportunities. You'll find exciting topics on just about everything, including:

- Perioperative brain health
- Gender equality and diversity
- The opioid crisis
- Anesthesia and cancer outcomes
- Negotiation strategies for women

In addition, be sure to attend the dedicated research track, where more than 30 lectures and panels discuss the latest science. Research Central will house Featured Abstracts—top-tier scientific abstracts presented on paper—and the Research Lounge.

Critical Strategies for Managing Mass Casualties: A Live Demonstration is back by popular demand. This interactive session received overwhelming positive feedback, so we're excited to offer it again. Affiliated subspecialties will take center stage on Saturday, when 10 subspecialty panels will be held simultaneously.

Enjoy Activities for All Ages at this Family-friendly Destination

The roller coaster capital of the world has activities for all ages, so bring your family and enjoy a brief hiatus from your demanding work. Or visit nearby beaches and relax in the sun. Whatever you decide, book your hotel through ASA and save an extra \$100 on registration.

Register now
goanesthesiology.org

Make the Most of Rare Time Away

The location of this year's meeting gives you the best of both worlds—furthering your practice and spending time with your family. Whether you're traveling with family or traveling solo, start the countdown to fun.

5 DISCOVER THE MAGIC OF WALT DISNEY WORLD RESORT

Meet your favorite characters and spike your adrenaline, whether you have kids or you're a kid at heart. Purchase discounted theme park tickets online or during the meeting at the Orange County Convention Center. Many hotels offer shuttle services to the theme parks.

4 TOUR THE KENNEDY SPACE CENTER

See the retired space shuttles and learn about man's greatest missions—to the stars and beyond.

3 RELAX AT COCOA BEACH

You can't go wrong with sun, sand and a cold drink at one of Florida's most beautiful beaches.

2 EXPLORE BLUE SPRING STATE PARK

Meet the manatees in their natural habitat at this state park.

1 EXPAND YOUR PALATE

Whether you're a seafood connoisseur, dining with family or simply looking to try something new, the variety of restaurants along Highway 4 will have something for everyone.

Orlando welcomes millions of visitors each year with guests hailing from all corners of the world. It's an excellent location for a meeting of this caliber and one that attracts a diverse, global audience and I am excited for you to enjoy the warm, sunny city of Orlando during your stay.

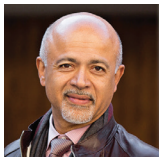

D. Kurt Jones, M.D., M.B.A.

Plenary & Featured Lectures Explore the Human Side of Medicine

Keynote Speaker

Opening Session: Humanistic Care in Technological Age
Saturday, October 19 | 9 – 10:15 a.m.
Abraham Verghese, M.D., MACP

As a best-selling author and Stanford physician, Dr. Verghese sees a future for health care which marries technological innovation with the traditional doctor–patient relationship. He grounds his vision of technological progress in a humanistic commitment to listening to the patient’s story and providing what the patient most wants—a true caregiver. This dual-pronged approach makes Dr. Verghese a leading voice in the discussion about what quality care means now and in the future.

Kick off the meeting at this opening session to:

- Review and discuss the history and the ritual of the physician–patient interaction at the bedside.
- Explain how technology shapes the physician–patient interaction, and the opportunities and drawbacks.
- Identify what is timeless in our interactions and that which gives us meaning.

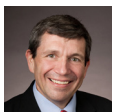

Ellison C. Pierce Lecture: Respectful, Trusting Relationships are Essential for Patient Safety, Especially the Surgeon-Anesthesiologist Dyad
Saturday, October 19 | 1:30 – 2:30 p.m.
Presented by: Jeffrey Cooper, Ph.D.

SOAP/FAER Gertie Marx Plenary Lecture: Obstetric Anesthesia: Are We There Yet?
Sunday, October 20 | 7:45 – 8:45 a.m.
Presented by: Lawrence C. Tsen, M.D.

Wood Library-Museum of Anesthesiology Lewis H. Wright Lecture: Improving Lung Function from ECMO to NO to eNO
Sunday, October 20 | 7:45 – 9 a.m.
Presented by: Warren M. Zapol, M.D.

History Panel: Do We Need Another Hero? Anesthesia History Rediscovered
Sunday, October 20 | 2:45 – 4:45 p.m.
Presented by: Douglas R. Bacon, M.D., M.A.

Emery A. Rovenstine Memorial Lecture
Monday, October 21 | 8 – 9:15 a.m.
U.S. Surgeon General Jerome Adams, M.D., M.P.H., has been invited to present.

FAER-Helrich Lecture: Anesthetics, Surgery and Alzheimer’s Disease; Hypotheses Come and Go
Monday, October 21 | 1:45 – 2:45 p.m.
Presented by: Roderic G. Eckenhoff, M.D.

Wood Library-Museum of Anesthesiology Patrick Sim Forum on the History of Anesthesiology: Is Research in Anesthesia History as Valuable as Research in Basic Science, Clinical Practice, and Quality and Patient Safety?
Monday, October 21 | 2 – 4 p.m.
Presented by: David B. Waisel, M.D.

John W. Severinghaus Lecture on Translational Science: Personalized PEEP
Tuesday, October 22 | 11 a.m. – Noon
Presented by: Jeanine P. Wiener-Kronish, M.D.

Featured Sessions on Emerging Issues and Ideas

Artificial Intelligence in Perioperative Medicine: Moving from Big Data to Smart Data
Saturday, October 19 | 7:45 – 8:45 a.m.
Presented by: Maxime Cannesson, M.D., Ph.D., Eran Halperin, Ph.D., Samir M. Kendale, M.D., FASA

Physician Suicide: What You Can Do to Save a Life
Saturday, October 19 | 2:45 – 3:45 p.m.
Presented by: Ronald L. Harter, M.D., FASA, Catherine M. Kuhn, M.D., Michael Myers, M.D.

Perioperative Lung Dysfunction: New Understanding, New Approaches
Sunday, October 20 | 1:30 – 3:30 p.m.
Presented by: Marcos F. Vidal Melo, M.D.

AUA: An Academic Perspective on the Future of Anesthesiology
Sunday, October 20 | 4 – 5 p.m.
Presented by: Michael S. Avidan, B.Ch., M.B., FRCA, Sachin Kheterpal, M.D., M.B.A., Julie K. Freed, M.D., Ph.D.

FDA Update on Anesthetics: New Drug Approvals, IND and Labeling 101
Monday, October 21 | 9:30 – 10:30 a.m.
Presented by: Martha A. Van Clief, M.D., Renee Petit-Scott, M.D., Alla T. Bazini, M.D.

IARS Panel: Diversity of Talent: Effectively Leading a Multigenerational Workforce in the 21st Century
Monday, October 21 | 1:15 – 2:15 p.m.
Presented by: Colleen Koch, M.B.A., M.D., M.S., FASA, Michael A. Gropper, M.D., Ph.D., Kevin K. Tremper, M.D., Ph.D., FACA, Aman Mahajan, M.D., Ph.D.

New this year – Opioid Analgesics Session

ASA Pain: Anesthesiologists Tailored Approach to Patient Safety Considerations When Using Opioid Analgesics

Saturday, October 19 | 1:30 – 4:30 p.m.

As the experts in pain medicine, physician anesthesiologists have been at the forefront of implementing best practices to prevent opioid misuse and abuse. The surgical setting and other acute care settings are a unique opportunity to ensure patients receive appropriate pain care and education regarding opioids. We owe it to patients to help ensure health care providers have the knowledge they need to keep patients safe. By participating in didactic presentations, interactive “What would YOU do?” case-based clinical practice questions, problem-based small group activities and anesthesiologist–patient (and caregiver) counseling demonstrations, you will:

- Summarize key concepts and practices in managing pain and preventing opioid misuse, abuse and addiction.
- Assess patients with pain to inform treatment planning, monitor treatment response, ensure safe use when opioid analgesics are appropriate and detect opioid abuse or addiction.
- Develop individualized pain treatment plans, including nonpharmacologic and/or pharmacologic (non-opioid and opioid analgesics) as appropriate.
- Identify strategies to safely and effectively initiate, modify and discontinue use of opioid analgesics.

Faculty

Santhanam Suresh, M.D., Chair of the Department of Pediatric Anesthesiology, and Director of Pain Management, Lurie Children’s Hospital, Chicago, IL

James P. Rathmell, M.D., Chair of the Department of Anesthesiology, Perioperative Medicine and Pain Management, Brigham and Women’s Hospital, Boston, MA

Shalini Shah, M.D., Director of Pediatric Pain Services and associate director of Pain Medicine Fellowship, University of California, Irvine, CA

Richard Rosenquist, M.D., Chair, Pain Management Department, Cleveland Clinic, OH

Back by popular demand – Critical Strategies for Managing Mass Casualties:

A Hands-On Mass Casualty Workshop

Sunday, October 20 | 8 a.m. – Noon and 1:15 – 5:15 p.m.

Choose between two times to best fit your itinerary!

New this year – Dedicated Research Track

Join in-depth discussions, explorations and the sharing of knowledge with a global scientific community.

30+ academic and research educational sessions and events.

1,000+ Scientific Abstracts presented in a variety of formats

- Featured abstracts - Top-tier scientific abstracts presented on paper
- Oral presentations
- Abstract group discussions
- e-Abstracts

Featured Abstracts Schedule

Saturday, October 19 | 7:30 – 9 a.m., 1 – 2:30 p.m., 3 – 4:30 p.m.

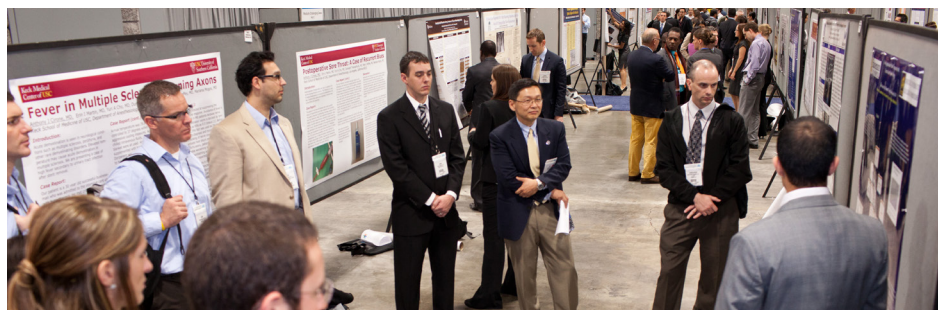

Sunday, October 20 | 8 – 9:30 a.m., 10 – 11:30 a.m., 1 – 2:30 p.m.

New this year – Research Central

Home to Featured Abstracts and the Research Lounge

Discover paper posters that highlight the best science in the specialty in the Featured Abstracts area, then head over to the Research Lounge to network with peers, meet a mentor and grab a refreshment.

Explore the NEW research track by visiting goanesthesiology.org/research

Governance

All governance, committee, caucus and House of Delegates meetings will be held at the Hyatt Regency Orlando at 9801 International Drive, directly across from the Orange County Convention Center. The House of Delegates will meet Sunday, October 20, and Wednesday, October 23. For details, visit goanesthesiology.org/governance

CONTINUING MEDICAL EDUCATION

Overall Learning Objectives

At the conclusion of this activity, participants should be able to:

- Assess the potential applications of emerging scientific advances that affect the practice of anesthesia
- Integrate technical knowledge about state-of-the-art procedures, advanced therapeutic agents and medical device uses into practice
- Apply contemporary practice management skills and knowledge of regulatory issues to the efficient and safe delivery of patient care
- Translate expanded knowledge into improvements in practice; short-, medium- and long-term patient outcomes; and patient satisfaction

Choose From 12 Clinical Tracks to Help Focus Your Education

- Ambulatory anesthesia
- Cardiac anesthesia
- Critical care medicine
- Geriatric anesthesia
- Fundamentals of anesthesia
- Neuroanesthesia
- Obstetric anesthesia
- Pain management
- Pediatric anesthesia
- Perioperative medicine
- Professional issues
- Regional anesthesia and acute pain

Accreditation and Designation Statements

The American Society of Anesthesiologists is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 36 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Attend select Educational Sessions to earn credit toward MOCA®.

ANESTHESIOLOGY® 2019 offers several opportunities to help fulfill your Maintenance of Certification in Anesthesiology (MOCA®) requirements. Sessions marked with the MOCA icon will count toward Part II Patient Safety or Part IV Improvement in Medical Practice requirements. Look for this icon to identify designated sessions.

Maintenance of Certification in Anesthesiology Program® and MOCA® are registered certification marks of The American Board of Anesthesiology®.

CME Category 1 ONLY

This activity contributes to the CME component of the American Board of Anesthesiology's redesigned Maintenance of Certification in Anesthesiology™ (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements.

Patient Safety ONLY

This activity contributes to the patient safety CME requirement for the CME component of the American Board of Anesthesiology's (ABA) redesigned Maintenance of Certification in Anesthesiology™ (MOCA®) program, known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 requirements.

Part IV Improvement in Medical Practices Courses

These activities contribute to the Part IV: Improvement in Medical Practice requirement of the American Board of Anesthesiology's (ABA) redesigned Maintenance of Certification in Anesthesiology Program® (MOCA®), known as MOCA 2.0®. Please consult the ABA website, www.theABA.org, for a list of all MOCA 2.0 Part IV requirements and their associated point values.

Please note: To claim credit for MOCA®, attendees are required to attend the entire session and complete the evaluation form when claiming CME credit.

Program Features

Self-Study Program – Maximize your time and credits with these immersive self-study opportunities designed to help increase your competence in several clinical areas of focus.

Problem-Based Learning Discussions (PBLDs) – 60-minute sessions conducted in a roundtable format offering team-based, interactive discussions with a session expert moderator presenting hypothetical case scenarios. Cases emphasize interesting teaching points and include controversies or a conflict in management. Detailed reference materials will be available to assist participants in the discussion and diagnosis of the case presented.

Scientific Abstracts highlight the latest information, technology and procedures in the field of anesthesia. Sessions are presented in the following formats:

- **Featured Abstracts** – Paper poster sessions featuring top-tier scientific research and original investigative work
- **Oral Presentations** – Thematically grouped sessions, each with six scientific, slide presentations
- **Abstract Group Discussions** – Eight electronic poster presentations, followed by formal discussion of key findings by the presenters. Sessions are led by expert moderators and provide the audience with the opportunity to interact directly with presenters
- **e-Abstracts** – Electronic poster sessions with presentations displayed on high-definition monitors, grouped thematically (credit not available for e-Abstracts)

Credit will be offered for Oral Presentations, Abstract Group Discussions and Featured Abstract sessions.

e-Posters On Demand are available to registered attendees. Access all scientific abstract group discussions and e-Abstract presentations throughout the conference and three months post-meeting.

Medically Challenging Cases will be presented in electronic format on high-definition monitors. Interact with colleagues and hear about the medically challenging cases they have encountered. Medically Challenging Cases do not offer credit.

International Credit is available in various countries.

Engage With Members of Global Societies

Unite the specialty and learn about the latest in anesthesiology around the world from members of these participating societies:

Brazilian Society of Anesthesiology (SBA)
Chinese Society of Anesthesiology (CSA)
Colombian Society of Anesthesiology and Resuscitation (SCARE)
European Society of Anaesthesiology (ESA)
Korean Society of Anesthesiologists (KSA)
Mexican Federation of Colleges of Anesthesiology (FMCAAC)
São Paulo State Society of Anesthesiologists (SAESP)
World Federation of Societies of Anaesthesiology (WFSA)

New this year! Simultaneous Translation

To enhance the experience of our members and international attendees, ASA will be providing simultaneous language translation services for the following key educational sessions:

Opening Keynote Session

Saturday, October 19 | 9 – 10:15 a.m.

Emery A. Rovenstine Lecture

Monday, October 21 | 8 – 9:15 a.m.

Journal Symposium

Monday, October 21 | 9:30 a.m. – 12:30 p.m.

John W. Severinghaus Lecture

Tuesday, October 22 | 11 a.m. – Noon

Translation services will be available in Portuguese, Spanish and Mandarin. Attendees will be able to access the service from a free mobile app but will need to bring their own headphones and mobile devices.

NEW! World Bank Pricing. See page 10 for details.

Browse the full educational program

MEDICAL STUDENTS, RESIDENTS AND FELLOWS

Join the **#ANES19** Conversation
Connect with ASA on social media to discover the latest information about the meeting. Tell us why you are excited to attend ANESTHESIOLOGY 2019!

FRIDAY, OCTOBER 18 – SUNDAY, OCTOBER 20

Prepare for Your Future in the Field of Anesthesiology

Learn from world-renowned leaders, grow your professional network and receive career development training through programs designed specifically to address the needs and concerns of future physician anesthesiologists.

Join us for a **Kickoff Session** where 2019 Annual Meeting Supporters will share insights into contracts, negotiation and common red flags.

Want to know about **applying to residency** and **how to shine in interviews**? Or **how to prep for your oral boards** and **find global health opportunities**? Engage with physician anesthesiologists who have dedicated their careers to training and guiding medical students and residents through their career transitions.

Grow your professional network

We know how important networking is to further your career, so we have set up designated events to ensure you have adequate time to make those valuable connections.

- **Resident and Medical Student Reception:** Engage with your peers, early career physicians, ASA leadership, Industry Supporters and Annual Meeting Supporters while enjoying beverages and delicious hors d'oeuvres.
- **Meet and Greet with Residency Programs:** A unique opportunity for third- and fourth-year medical students! Program directors and residents from across the country are ready to showcase their programs and answer your questions.
- **Fellowship Open House:** Explore specialty training options.
- **ASA Career Fair:** Jumpstart your career by interacting with 15–20 companies.

Medical Students

Receive the latest information to round out your education by attending interactive and informative educational sessions. We'll help you:

- Identify how to find your ideal residency
- Manage your money as a young physician
- Make the best of your meet and greet experience

Residents & Fellows

Deepen your understanding about what's affecting the specialty and gain access to exclusive resources and thought leaders in the specialty. We'll help you:

- Prep for your oral boards during an interactive session
- Reimagine residency through the lens of resident wellness
- Identify how to get involved in global health

Advance your career at 30 main conference sessions that have been hand-picked as being most beneficial to you at this stage in your anesthesiology journey, including:

- Anesthesia-centric ACLS
- Decision-Making in Airway Management
- Snap Talk: Controversies in Anesthesiology
- Less Jolts From Your Volts: Electrical Safety in the O.R.
- Investigating Traditions, Dogmas and Myths in Anesthesia Practice

Register now
goanesthesiology.org

GROW YOUR PROFESSIONAL NETWORK

With thousands of attendees from around the world, the opportunities to grow professional networks are second to none.

NEW! ASA Career Fair

Saturday, October 19 | 6 – 8 p.m.

Interact with companies actively seeking new talent. Representatives from up to 20 organizations will be available on-site.

Hope for the Warriors® - Run For The Warriors® 5K Run/Walk

Sunday, October 20 | 6:45 a.m.

Pack your running shoes and join us for the Hope for the Warriors® 5K Run/Walk. This event brings together ANESTHESIOLOGY 2019 attendees, exhibitors, local residents and military personnel to support wounded warriors and their families.

Product, Services and More in the Exhibit Hall

- **300+ Companies** – See what's new and coming soon!
- **Grand Opening Reception** – Join your colleagues immediately following Opening Session (Saturday, October 19 | 10:30 – 11:50 a.m.) to network with our industry partners; sample Orlando brunch fair while exploring the latest the industry has to offer.
- **Smart Stage** – Stop by to take in a MED Talk and learn about the latest issues and hot topics in anesthesia by our industry partners.
NEW! The Best of the Medically Challenging Cases (MCCs) will be presented during exhibit hall hours.
- **Simul8 Challenge, powered by Airway Ex** – Put your anesthesia knowledge to the test by competing with your peers in video games for daily prizes. Will you be crowned the Simul8 Challenge Champion this year and win the grand prize?
- **ASA Resource Center** – Learn how to optimize your practice, advance your skills and support your specialty. Speak with ASA staff to learn about the wide range of resources ASA offers you!
- **International Pavilion** – Home to various exhibits, the international attendee lounge and international services center.

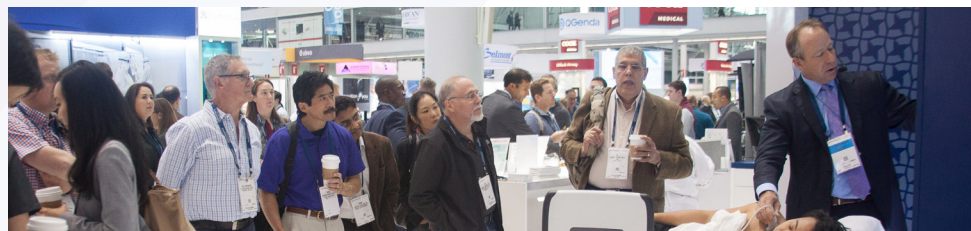

Saturday, October 19 | 10 a.m. – 4 p.m.

NEW! Open 30 minutes longer to give you ample time to engage with representatives.

Sunday, October 20 | 9 a.m. – 4 p.m.

Monday, October 21 | 9 a.m. – 1 p.m.

NEW! Last Day Lunch | 11:45 a.m. – 1 p.m.

Thank you to our Corporate Supporters whose contributions allow us to create world-class education and resources to improve patient safety and quality care.

*Categories with this symbol are discounted rates that do not qualify for the housing discount.

†Categories with this symbol will be asked at the time of registration to verify their status by sending a letter from their institution stating that they are a health care professional. The letter should be signed by a department head and must be on your institution letterhead. Exhibitors are not eligible to register under the Nonmember One-Day Pass category.

***The Category marked with this symbol is a discounted rate and falls under the Nonmember category. When registering, please choose the Nonmember category. This category does not qualify for the housing discount. They will also be asked at the time of registration to verify their status by sending a letter from their institution stating that they are a health care professional. The letter should be signed by a department head and be on institution letterhead. Exhibitors are not eligible to register under the Nonmember One-Day Pass category.

Rates are subject to change at the discretion of ASA.

	Early-Bird Rate (Thru July 21)	Advanced Rate (July 22 – Oct. 6)	On-Site Rate (Oct. 7 – 22)
Guest	\$40	\$40	\$65

Guest Categories include access to the exhibit hall and all networking events held therein. These categories are not eligible for credits, and do not receive access to the ASA Education Center. Rates are subject to change at the discretion of ASA.

Register by July 21 and save!
goanesthesiology.org

Save an additional \$100 on registration when you book your hotel room through the ASA block.

BRING YOUR FAMILY!

Arrive early to the meeting or stay late to enjoy activities for all ages in the theme park capital of the world.

Take Advantage of Discounted Park Tickets

Purchase discounted theme park tickets to Disney World, Universal and Sea World online or at the Orange County Convention Center when you arrive on-site. Many hotels offer shuttle services to the Orlando area theme parks.

Relax in the Family Lounge

A dedicated lounge in the Orange County Convention Center where you and your family can relax in between sessions or meet before heading to the parks.

Participate in the Day in the Life of an Anesthesiologist Workshop

Designed just for kids! Save your spot during registration – space is limited.

Parents or adult guardians must always accompany children in the family lounge and workshop. Childcare is not provided.

HOTEL + TRAVEL

Orange County Convention Center
9800 International Drive, Orlando, FL 32819

Governance Hotel

Hyatt Regency Orlando | 9801 International Drive, Orlando, FL 32819

Hotel Accommodations

Save \$100 USD on registration when you book using onPeak (domestic) or ASA International Group Housing (international) – ASA's official housing partners.

onPeak

Special ANESTHESIOLOGY 2019 room rates are available. Rooms are limited and available on a first-come, first-served basis.

International Group Housing (IGH)

A one-stop shop for your travel needs and offers travelers all-inclusive packages that include hotel, airport transfers, baggage handling and more. Learn more at goanesthesiology.org/international

For those who book housing within the official ASA hotel block and later cancel their reservation, the additional \$100 USD fee will be automatically charged. Please direct any questions to annmtg@asahq.org

Nearest Airport

Orlando International (MCO)
Approximately 14.5 miles (20 minutes) from the Orlando International Airport to the Orlando Convention Center. Estimated taxi fare: \$46.75 (one-way). Consider using alternative transportation (Lyft or Uber).

Domestic Air Travel

ASA's official travel service, ATC Travel Management, helps you easily book your airline reservations.

Airlines and Car Rentals

Various airlines and car rentals offer discounts to ANESTHESIOLOGY 2019 attendees.

Complimentary Shuttle Transportation Program

Available Saturday through Wednesday between designated hotel properties within the ASA hotel block and the Orange County Convention Center. Detailed information on routes and schedules will be made available prior to the meeting.

Visit goanesthesiology.org/travel for details.
