**The Role of Specialized Pro-resolving Mediators in the Development of Persistent Post-Surgical Pain**

**Mieke A. Soens, M.D.**

**Brigham and Women's Hospital/Harvard Medical School**

**Mentored Research Training Grant (MRTG)**

**2/1/2020**

I hypothesize that persistent postsurgical pain results from failed inflammation resolution.

Using targeted lipidomics I will determine the effect of perioperative pro-resolving and pro-inflammatory mediators on pain recovery after thoracic surgery.
