## Learning Collaborative 2020

### The PSH Collaborative Helped its Members Reduce Cost of Care and Achieve Return on Investment

**Reduced Length of Stay (up to 50%) & Episode of Care Costs (up to \$4-10k)**

**Improved Quality & Patient Satisfaction (e.g., decreased pain scores by 75%)**

**Reduced Hospital Acquired Conditions (up to 30%) & Readmissions (up to 75%)**

**Alignment with Bundled Payment and ACO programs (e.g., reduced SNF use by up to 50%)**

- Engaging specialists in value-based care and fostering specialist-hospital collaboration
- Eliminating silos and fragmented care
- Decreasing unnecessary testing and utilization, improving room turnover
- Ensuring appropriate post-discharge care

### The PSH Collaborative Helps Providers At All Stages

**Core Collaborative:**  
Launching PSH Pilots

**Advanced Cohort:**  
Improving PSH Performance & Preparing for VBP programs

**Advanced Bundles Payment Add-On:**  
Implementation and operating bundled payments

**Emeritus Cohort (invitation only):**  
Scaling PSH Pilots & Aligning with VBP programs

- Protocols, pathways, templates, toolkits
- Best practice sharing
- 1:1 Dedicated Partner coaching on SMART and stretch goals
- Monetization arrangements
- Data collection and benchmarking
